Docket No: G08.064 Express Mail No: EL963891453US

5 We Claim:

1. A method of identifying billing discrepancies, comprising:

receiving billing data from a billing entity, said billing data including an assessed fee and call details associated with each of a plurality of calls made by a customer;

identifying, based at least in part on said call details received from said billing data, rate information associated with said customer;

generating an expected fee for each of said plurality of calls; and comparing, for each of said plurality of calls, said expected fee with said assessed fee to identify discrepancies.
